

Rep. Santarsiero proposes “Z Period” for middle schoolers

State Rep. Steve Santarsiero has teamed up with the United Way of Bucks County, Pennsbury LYFT and Council Rock Coalition for Healthy Youth to propose an innovative after-school program called “Z Period” that would provide a safe place for middle school students to spend time with friends, get homework help and stay physically fit during the potentially unsupervised hours of 3-5 p.m. when teens and pre-teens can get into trouble.

The program is slated as an 8-week pilot, one day a week, beginning the first week in April at Newtown and William Penn middle schools.

Volunteers and donations are needed! To support this program and/or share your talents with the youth of our area, visit www.pahouse.com/Santarsiero or call (215) 968-3975.
