STATE REPRESENTATIVE

Tony Payton is hosting a Housing Expo!

Dear constituent,

The downturn in the housing market has been front-page news for months. That's why I am hosting an information fair on housing issues to help you get answers to questions you may have regarding your own personal situation. Whether you are a homeowner, or potential buyer or renter, please join me at my first housing expo, and be sure to invite your family and friends.

Information will be available on landlord/tenant rights, housing foreclosures, first-time homebuyer programs, improving credit scores, energy conservation, energy efficiency programs, and much more! Representatives also will be available to assist with LIHEAP questions and applications.

I hope to see you there!
