

**Make new friends while discovering  
new favorite foods!**

**Monday, April 11th is "Eat 4 Peace Day,"** the result of a House of Representatives Resolution inspired by local and national food personality Tony Luke, who opened a restaurant in the country of Bahrain where he observed firsthand the phenomenon of healthy and positive relations being forged between multinational patrons who dined together exchanging cultural foods.

"It is with great honor that I recognize the week of April 11 to April 22, 2016, as our 4th annual **Eat 4 Peace Week**. This program encourages individuals to dine with people of diverse cultures, sharing culinary offerings from around the world. Our district is the most diverse in the Commonwealth, where over 70 languages are spoken. And we thank our sponsor, Destination Delco for helping us promote this fun and exciting program."
