192ND SUMMER Recap

Constituent District Day on 192ND SUMMER Recap
192ND SUMMER Recap

It was my honor to host the 60th Street Summer Jam with my colleague Rep. Joanna McClinton. We provided health screenings and resources for our constituents but more importantly, we united our communities across the aisle. This event proved that peace is possible when communities can come together, grow, and thrive.

District Day on 192ND SUMMER Recap
Constituent District Day

The block captain of the 200 block of Horton Street gathered up neighborhood postcarders, I donated fresh bags and cleanup for the trash and garbage. I look forward to the opportunity to talk with the residents the importance of working together to make changes.

192nd Block Captain Highlights

Resident of the 700 block of Marlyn Road gather with the block captain to discuss neighborhood issues and ongoing clean back events. I look forward to the opportunity to talk with the residents the importance of working together to make changes.

Sound the Alarm, Save a Life

In August, I partnered with the American Red Cross and community volunteers to meet our goal of 500 smoke alarms. Since the campaign, we installed smoke alarms and provided families tips to residents of the 192nd Legislative District in west Philadelphia.

Development Economic Tour around the 192nd Legislative District

Over the past two months, I coordinated and participated in a series of economic development walking tours with Governor Tom Wolf in an effort to identify and get involved with ongoing and new investments. We had the opportunity to walk with the governor and other members of his administration. We opened the celebration of the new Wynne Senior Residence, highlighting 51 affordable units.

We also toured: the Frankford Aviation SEPTA station to discuss workforce efforts; 59th Street Bridge to discuss traffic congestion along Lancaster Avenue and Upland Way; Cedarbrook location on Lancaster Avenue to strategize on how to bring better businesses to the corridor.

As I continue my efforts in Harrisburg this year, I will serve as the freshman legislator on the new Select Committee on the need for funding and construction over six months and negotiated legislation that will ensure the company to appear before the area residents by any expansion of their infrastructure.

Given the significant wins we achieved, it still remains critical for us as a community to stand together and hold PECO accountable to the issues and concerns raised by our constituents. We have a number of ongoing matters that require government officials to protect our most vulnerable populations by being innovative and working toward the access to build partnerships and common ground on issues that provide stability and prosperity for all Pennsylvanians. With a district consisting of a series of Middle Neighborhoods – communities that are on the edge of growth and decline – it is imperative that I continue to work and ensure we identify and target strategic investments from the state and local level to move our district in the right direction.

Over the past several months, I’ve worked with strategic partners to improve the quality of life for our communities. It is vital to ensure every neighborhood offers opportunities and access to housing, health care, education, employment and an overall neighborhood that allows residents to live, work, and play safely. Collectively, we have attracted new affordable housing developments, created community spaces in the area, brought opening and established infrastructure services, served and connected with more than 19,000 residents, our city and region to develop a series of resource events, requested nearly $10 million worth of recreation and commercial corridor investment in the 192nd Legislative District.

Pop Up Produce Series

-ed continues to host my Pop Up Produce Series to increase access to fresh fruits and vegetables within our community. Call my office for dates and locations.

Upcoming Events

Fall Cleanup & Shredding Event
Saturday, Sept. 23
11:00 a.m. – 1:30 p.m.
Carroll Park • 5800 Girard Ave.

Housing Seminar Friday, Oct. 20
10 a.m. – 1 p.m.
Wynne Senior Residence 201 N. 54th St.

Talks with PECO Continue

At the top of the year, I and members of the Wynnefield Residents Association (WRA) learned of PECO’s 2014 acquisition of the old Pierce-Phelps site and our concerns regarding the potential for new substation development. As I continue my efforts in Harrisburg this year, I will serve as the freshman legislator on the new Select Committee on the need for funding and construction over six months and negotiated legislation that will ensure the company to appear before the area residents by any expansion of their infrastructure.

Given the significant wins we achieved, it still remains critical for us as a community to stand together and hold PECO accountable to the issues and concerns raised by our constituents. We have a number of ongoing matters that require government officials to protect our most vulnerable populations by being innovative and working toward the access to build partnerships and common ground on issues that provide stability and prosperity for all Pennsylvanians. With a district consisting of a series of Middle Neighborhoods – communities that are on the edge of growth and decline – it is imperative that I continue to work and ensure we identify and target strategic investments from the state and local level to move our district in the right direction.

Over the past several months, I’ve worked with strategic partners to improve the quality of life for our communities. It is vital to ensure every neighborhood offers opportunities and access to housing, health care, education, employment and an overall neighborhood that allows residents to live, work, and play safely. Collectively, we have attracted new affordable housing developments, created community spaces in the area, brought opening and established infrastructure services, served and connected with more than 19,000 residents, our city and region to develop a series of resource events, requested nearly $10 million worth of recreation and commercial corridor investment in the 192nd Legislative District.

With the progress we are making throughout the district, we realize we still have a ways to go to make certain everyone has more of an opportunity to have an income they value. Since being sworn into office to represent you, I have made it my personal goal to be as visible and accessible as possible in all communities that are on the edge of growth and/or decline – it is imperative that I continue to work and ensure we identify and target strategic investments from the state and local level to move our district in the right direction.
In my first 100 days, I launched the Pennsylvania Gaming Enforcement Task Force that consists of various community stakeholders, local and state elected officials, and area business owners. Its purpose is to identify and report illegal activity between businesses and restaurants and liquor license to the 120th district. As a task force, we held a community public meeting and identified the top 10 bad actors that serve alcohol to minors, don’t have the proper licenses, and don’t follow the law. In an effort to strengthen our laws, I co-sponsored House Bill 1300 which would require those businesses that do not meet requirements not to do business with their community. They must also make sure they have the proper licenses (minimum seating, square footage, and health license)—and our House bill would bring an extra $34 million for basic and special education within a year.

Cephas appointed Chair of Woman and Girls Legislative Black Caucus

In March 2017, the PA General Assembly’s Black Caucus established a committee on women and girls. The primary focus of the subcommittee is to ensure the needs, aspirations and voices of women and girls are a priority in the legislative process within this governing body. Over the years, we have statistically made strides in areas that are realized through public policy, funding, and the legislative process. As the chair of the subcommittee, my plan is to work together with other legislators to solicit bipartisan input among our colleagues from the Philadelphia Delegation, together we will be able to advance legislation for this issue.

Cephas partners with area organizations to distribute over 500 book bags

As we send our children back to school this productive year, I want to make sure they have the absolute best start this fall. Over the last four weeks I partnered with the Wynmede Christian School, ACHIEVEability, Cardinal King School, and Saint Joseph’s University to provide kids and parent-back packs and school supplies during a time of severe economic hardship. For my colleagues in Wynmede, I have been selected to become a community school. In my 100th day, I have been selected to become a community school. In my 100th day, I launched the Liquor Enforcement Task Force that consists of various community stakeholders, local and state elected officials, and business owners. Its purpose is to identify and report illegal activity between businesses and restaurants and liquor license to the 120th district. As a task force, we held a community public meeting and identified the top 10 bad actors that serve alcohol to minors, don’t have the proper licenses, and don’t follow the law. Cephas advocates to designate Samuel Cephas Elementary School a community school

I am excited to announce that Gompers Elementary School in the 192nd Legislative District has become a community school. Community schools are public schools with a full-time community school coordinator who works with the entire school community to address out-of-school factors and connect home, school, and community in more than 1,000 schools across the country.

Thank you to Principal DeLuca, Mayor Jim Kenney and the Mayor’s Office of Education for making a continued investment in our students to achieve academic success. Investments and partnerships like these are instrumental to improving the quality of our neighborhoods and finally give our students the tools they need to compete in the 21st century workforce.

Click here to read the full statement.

Cephas partners with area organizations to distribute over 500 book bags

As we work to build a safer and stronger community in the upcoming months the subcommittee will launch a listening session that will focus on the needs of our students in male-dominated or non-traditional industries, economic security, health and wellness, navigating the criminal and juvenile justice systems, women’s empowerment and voice for young people.

Thank you to all of our community partners including the Overbrook Education and Employment Center, Philadelphia Big Brothers Big Sisters, the Leadership Academy High School, and the Philadelphia After School Alliance.

LEGISLATIVE UPDATE

Cephas boosts senior programs by up to $2 million per year ahead to Full House

According to the Pennsylvania Attorney General’s Office, our commonwealth has the third highest percentage of adults over 65 and the seventh highest percentage of residents over the age of 65. More importantly is the fact that the fastest-growing segment of Pennsylvania’s elderly population are those who are 85 years of age or older. If the elderly residents in the United States with nearly 2 million our commonwealth has the third highest percentage of residents over the age of 65. More importantly is the fact that the fastest-growing segment of Pennsylvania’s elderly population are those who are 85 years of age or older. If the elderly residents in the United States with nearly 2 million

Significant movement on Stop and go legislation

In my first 100 days, I launched the Child and Youth Protection Task Force that consists of various community stakeholders, local and state enforcement agencies, area business owners, its purpose is to identify, and report illegal activities between businesses and restaurants to liquor license and tax the 200% license fee. As a task force, we have a community public meeting in action: those who serve alcohol to minors, don’t have the licenses required, or allow the liquor licensees to pay to more, and raising the minimum wage so that workers earn more and state tax revenue can increase, but by a tax increase.

Additionally, I applaud our senators from the Philadelphia Delegation for successfully merging stand-alone liquor legislation into the state budget. Sen. Capital Growth is an important senior issue. At the General Fund sets the stage for responsible and sustainable fiscal policies. I believe that the Senate leadership has put forth a balanced fiscal policy that is necessary to complete the state budget. And the Senate leadership has put forth a balanced fiscal policy that is necessary to complete the state budget. He said that, since the general fund is not balanced, the Senate will not vote, as we don’t have the money to pay for them.

As we work to build a safer and stronger community in the upcoming months the subcommittee will launch a listening session that will focus on the needs of our students in male-dominated or non-traditional industries, economic security, health and wellness, navigating the criminal and juvenile justice systems, women’s empowerment and voice for young people.

Thank you to all of our community partners including the Overbrook Education and Employment Center, Philadelphia Big Brothers Big Sisters, the Leadership Academy High School, and the Philadelphia After School Alliance.

Cephas advocate for Chair of Woman and Girl subcommittee for the Pennsylvania Legislative Black Caucus

In March 2017, the PA General Assembly’s Black Caucus established a committee on women and girls of color. The primary focus of the subcommittee is to ensure the needs and aspirations of women and girls, including education attainment, business ownership and within the workplace by moving into upper management across various industries. Although these achievements are notable, women continue to face challenges in male-dominated or non-traditional industries, economic stability and disparities based on sex, race, age and sexual orientation.

Cephas appointed Chair of Women and Girls subcommittee for the Pennsylvania Legislative Black Caucus.

Cephas advocates to designate Samuel Gompers Elementary School a community school

In an effort to strengthen our laws, I co-sponsored House Bill 1331 to increase the oversight and protection of our seniors from those who would take advantage of them. Bill 1331 would add a definition to the state’s Older Adults Protective Services Act and codify the existing standardized practices within our state’s adult protective services system. This legislation, if passed, would help to protect Pennsylvania’s seniors from the deceptive tactics of those who seek to prey on their financial resources. A copy of the full bill may be found below.

In July, the Senate came back to session and passed their budget before the August 1 deadline. The $31.6 billion state budget which was sent to the House included significant increases to K-12 education and学前教育; and fix the deficit.

As the bills move to the full House, I will continue to work with my colleagues to solicit bipartisan input among our colleagues, and to introduce and support legislation that I believe will create jobs, provide education to our young people, and increase the quality of our neighborhoods and finally give our students access to the college of their choice.

The scholarship is intended to assist students who are attending a four-year college or university and who plan to attend a graduate or professional school. The $200 scholarship to attend an accredited two- or four-year college or university in Pennsylvania.

In May, the House Veterans Affairs Committee held a hearing to review the Department of Veterans Affairs’ operations. It was reported that the contractors who worked on the medical center were not able to keep pace with the demands of the veterans and their families. This led to a call for improvements in the quality of care provided by the VA.

The updates mentioned above are just a few examples of the legislative actions that have been taken in the past few months. As you can see, there are many important issues being discussed in Harrisburg.

However, there is a need to revisit the state’s fiscal obligations. The budget must be balanced and the deficit must be addressed.

The state’s financial condition is critical, and we must act now to ensure that our fiscal obligations are met.

Without a revenue bill, the state cannot move forward with a spending plan. With no revenue, the state cannot meet its constitutional requirements.

The House of Representatives has already voted on the budget, and the Senate is expected to take up the matter soon.

The budget is a roadmap for the state’s fiscal year, and it must be passed to ensure that the state’s financial stability is maintained.

As we move into the next fiscal year, it is essential that we work together to address the state’s financial challenges.

Thank you to Principal DeLuca, Mayor Kenney and my colleagues from the Philadelphia Delegation, together we will continue to work towards the betterment of our community.

In addition to the budget, the legislature is also focused on other important issues.

The legislature is considering proposals to improve education attainment and workforce development. These proposals are aimed at creating opportunities for Pennsylvanians to achieve their full potential.

As we continue to work on these issues, it is important that we maintain a focus on improving the quality of our schools.

We must continue to invest in education and ensure that all students have access to high-quality education.

Thank you for your continued support and for your commitment to improving the quality of life in Pennsylvania.

Over the past several months, we joined with strategic partners to improve the quality of life in our communities. It is vital to ensure every neighborhood offers opportunities and access to housing, health care, education, employment and an overall neighborhood that allows residents to live, work and play safely. Collectively, we have attracted new affordable housing developments, improved neighborhoods in the area, brought opening and established nuisance businesses, served as the foundation and prepare for the upcoming legislative session. I look forward to representing you in Harrisburg and in our district. I look forward to hearing from you soon.

Morgan Cephas

POP UP SERIES

60th Street Health and Wellness Summer Jam
It was my honor to host the 60th Street Summer Jam with my colleague Rep. Joanna McClinton. We provided health screenings and resources for our constituents but more importantly, we united our communities even more; communities where lack in resources are not allowed to create one side to another. This event proves that peace is possible and that our communities can come together, grow and thrive.

192nd Block Captain Highlights
The block captain of the 300 block of Horton Street gathered neighborhood residents to clean up neighborhood postcard park, donated book bags and cleanup for the trash and garbage.

Sound the Alarm, Save a Life
In August, I partnered with the American Red Cross and community volunteers to meet residents. Since the alarm, twice a week we installed smoke alarms and provided fire safety tips to residents of the 192nd legislative district in West Philadelphia.

Housing Seminar Saturday, Oct. 1 10 a.m. – 1 p.m. Wynde Senior Residence 201 N. 54th St.

Dear Neighbor,

Since being sworn into office to represent you, I have made it my mission to be social and political advocate for the issues affecting our district throughout the past legislative and budget season. Nationally, our country has been experiencing a series of threats including potential changes in our healthcare system, a lack of progressive funding for education, and a breakdown of law and order. Additionally, I will require government officials to protect our most vulnerable populations by being innovative and working across the aisle, build partnerships and common ground on issues that provide stability and prosperity for all Pennsylvanians. With this year marking the 100th anniversary of the 19th Amendment, it is imperative that I continue to work and ensure we identify and target strategic investments from the state and local level to move our district in the right direction.

Economic Development Tour around the 192nd Legislative District

Talks with PECO Continue

Dear Neighbor,

Since being sworn into office to represent you, I have made my inaugural speech and provided an economic development tour of the entire 192nd District. I have also continued to work on issues affecting our district throughout the past legislative and budget season. National security remains my top priority, but we are also experiencing a series of threats including potential changes in our healthcare system, economic uncertainty, the threat of a government shutdown, policy and slashing the federal budget that decreases funding for critical services. I will continue to advocate for you and will require government officials to protect our most vulnerable populations by taking bold action and working across the aisle to build partnerships and common ground on issues that provide stability and prosperity for all Pennsylvanians. With the upcoming November election, I will work with all candidates to develop and protect those rights that are critical to our daily lives.

With the upcoming November election, I will work with all candidates to develop and protect those rights that are critical to our daily lives.

With the progress we are making throughout the district, I look forward to representing you in the 192nd has access to become academically and economically successful. I look forward to representing you and hearing your thoughts about how we can work together towards this end.

Over the next several months I will be hosting ‘Block by Block Tea Talks’ – a listening tour with residents, so I can hear concerns and ideas on how we can improve the conditions of our district. If you are interested in participating, please do not hesitate to contact my office to schedule a time for me to come meet with you and your block.

Thank you for entrusting us to lead this new chapter for the 192nd. Please read on to learn about what has been going on in Harrisburg and in our district. I look forward to hearing from you soon.
