It is important to note that grant and loan programs may change in a fiscal year. It is always best to check websites or contact the government agency to learn about the current status of any program.

Produced by the Democratic Caucus of the Pennsylvania House of Representatives.

The Basics

1. **Determine your need.** Draft a plan and circulate for input.
2. **Research and find opportunity.** Search or browse websites, catalogs and private foundations for potential grants. This may require some creative thinking. Gather facts and figures to support your need. Often, grant solicitations will describe what they do not want, but will not fully explain what they will accept.
3. **Locate the grant contact person or website.** Once you have identified potential funding sources, inquire with the grant contact to learn the application process and how best to present your request in a way that maximizes the chances of award selection.
4. **Write proposal.** Learn how to write grant proposals and incorporate the decision makers' terms, best interests or focus.
5. **There are seven components to a proposal:** 1) introduction of the organization; 2) summary of the project or need; 3) problem/needs assessment; 4) project objective; 5) project design; 6) funding needs and project budget; and 7) project evaluation or review.
6. **Review and edit the grant application(s).**
7. **Check regularly.** Keep records, follow up as needed, and thank everyone for their help. Sign up for notifications and check websites weekly for updates and new grant postings.

How Your Representative Can Be of Further Assistance

- Partner or coordinate with local governments or regional groups on a shared goal or goals.
- Direct the applicant to websites, contact persons and grant writing sources.
- Write letters of support.
- Follow up with grant sources to ascertain status of the grant.

Common Funding Terms

- **Appropriations – State** – Legislation requiring the governor's approval authorizing an agency, department, board, commission or institution to spend a specified amount of money for a state purpose during a particular period of time, usually a fiscal year. The state government fiscal year begins July 1 and ends on June 30 of the next calendar year.
Appropriations – Federal – An appropriation of monies received from the federal government. All federal funding, regardless of source, is deposited in the state treasury and must be appropriated by the state legislature. Federal funds are appropriated for a specific period of time. The federal fiscal year (FFY) begins October 1 and ends September 30 of the following calendar year.
- **Corporate Donations** – Corporate donors may set aside funds for public relations and philanthropic purposes. Companies often administer the donations directly or through their foundation. Check the corporate website to look at the philanthropic focus or to see which corporate foundations it is linked to.
- **Grants** – Government grants are usually competitive in nature and are administered by federal, state and local government entities. Government grants are used to carry out a government-authorized purpose.

Common Funding Terms

- **Individual benefits** – The government provides assistance through benefit programs that serve an important purpose, such as job training, nutritional assistance, education, social security benefits, veterans assistance, Medicare and Medicaid. See www.benefits.gov or www.dhs.pa.gov/applyforbenefits/

- **Private Foundations** – There are private foundations (usually funded by an individual, family or corporation) and public charities (community foundations or other nonprofit groups).

The Department of State provides an annual report on charitable organizations. The report provides an overview of registration, investigations and audits of charitable organizations.

Some private foundations qualify for tax exemption under the IRS definition of 501(c)(3). Private foundations' annual IRS Forms 990-PF are available to the public. To request a copy of an application (including all supporting documents), or a tax return, an IRS Form 4506A is needed. More information is available at www.irs.gov/charities-non-profits/private-foundations

- **Procurement: State** – The Pennsylvania Department of General Services (DGS) defines procurement as buying, purchasing, renting, leasing or otherwise acquiring any supplies, services or construction. DGS administers procurement activities through the Cooperative Purchasing Program or COSTARS program. Information is available at www.dgs.pa.gov/Local%20Government%20and%20Schools/COSTARS/Pages/default.aspx

Grant Writing Guides & Other Grant Resources

The Department of Conservation and Natural Resources (DCNR) Bureau of Recreation and Conservation (BRC) provides a single point of contact for communities and nonprofit conservation agencies seeking state assistance through its Community Conservation Partnerships Program (C2P2) in support of local recreation and conservation initiatives. This assistance can be in the form of grants, technical assistance, information exchange and training. All of DCNR's funding sources are combined into one annual application cycle (generally early spring), and there is a single application format and process with one set of requirements and guidelines. Some C2P2 applications are selected for funding through the Federal Land and Water Conservation Fund Program or the Pennsylvania Recreational Trails Program, which require some supplemental information to address federal requirements. To obtain assistance, contact one of DCNR's BRC six Regional Offices.

Please refer to the website at <https://www.dcnr.pa.gov/Communities/Grants/Pages/default.aspx> for grant specifics and up-to-date information on each grant program and our grant opportunities at <https://brcgrants.dcnr.pa.gov/Pages/Opportunities.aspx>.

These include planning for comprehensive recreation, park open space and greenway plans; land conservation and stewardship plans; swimming pool and indoor recreation facility feasibility studies; master site development plans; land acquisition for active or passive parks and conservation purposes; and new development and rehabilitation of parks and recreation facilities. More information can be obtained at <https://www.brcgrants.dcnr.pa.gov/>.

Land Trust Projects – Land Trust grants are awarded to pre-qualified land trusts and conservancies to fund projects for open space and natural areas planning and acquisition. Priority is given to protecting critical habitat; creating connections to other natural, cultural, historic or recreational areas; protecting and enhancing water resources; and protecting climate-resilient landscapes. These grants require a 50% match via either cash or a land donation of equal non-cash values.

More information can be obtained at <https://www.brcgrants.dcnr.pa.gov/>.

Partnerships Grant Program – State and regional partnerships grants are available to advance Pennsylvania’s Statewide Comprehensive Outdoor Recreation Plan, Pennsylvania’s Heritage Areas Program and the conservation landscape program. Partnerships program categories include: education and training activities; special purpose planning; implementation projects; and mini-grant programs. Match is based upon the funding source and level of available funding.

More information can be found at <https://www.brcgrants.dcnr.pa.gov/>.

Pennsylvania Recreational Trails (PRT) Program – Grants are awarded to federal and state agencies, municipalities, nonprofit and for-profit organizations to assist with the construction, rehabilitation and maintenance of trails and trail-related facilities, the purchase or lease of equipment for maintenance and construction, and the development of educational materials and programs for both motorized and non-motorized recreational trails. These grants require a minimum 20% match, which can include a combination of cash and/or non-cash values.

To be considered a “trail project,” at least 75% of the total project cost must be related to trail activities and/or trailside facilities. These grants require a minimum of a 50% match, which can include a combination of cash and/or non-cash values. <https://www.brcgrants.dcnr.pa.gov/>

Rivers Conservation – The purpose of this funding is to develop or implement watershed/river-corridor conservation plans. Priority is given to applications that propose the implementation of recommendations from river or watershed plans on the Pennsylvania Rivers Registry. The bureau will consider early implementation development projects for funding in watersheds not linked to a Rivers Conservation Plan if the project can stand on its own merits and presents a significant and/or unique opportunity that connects communities to their rivers and advances the goals of the Rivers Conservation Program. These grants require a minimum of a 50% match, which can include a combination of cash and/or non-cash values.

Support Services Waiver – Better known as “waiver,” which is a shortened term for the Medicaid Home and Community-Based Waiver Program. This program provides funding for supports and services to help people live in their home and community. Waivers offer an array of services and benefits such as qualified providers, due process, and health and safety assurances.

The name waiver comes from the fact that the federal government “waives” Medical Assistance/Medicaid rules for institutional care in order for a Pennsylvanian to use the same funds to provide support and services for people closer to home or in their own communities.

In Pennsylvania, the DHS administers 10 Medical Assistance/Medicaid waivers and the Living Independence for the Elderly Program.

Each waiver has its own unique set of eligibility requirements and services.

Aging Waiver – Provides long-term care services to qualified older Pennsylvanians living in their home and community.

Attendant Care/Act 150 – Provides services to mentally alert Pennsylvanians, aged 18-59 with physical disabilities.

Community HealthChoices (CHC) Waiver – Provides long-term services and supports to individuals age 21 and older with physical disabling conditions that are expected to last indefinitely, including individuals with acquired brain injuries, and who require a nursing facility level of care. CHC Waiver services are only available in CHC managed care zones, and are provided through the CHC managed care organizations. (Community HealthChoices is in effect for residents of Allegheny, Armstrong, Beaver, Bedford, Blair, Bucks, Butler, Cambria, Chester, Delaware, Fayette, Greene, Indiana, Lawrence, Montgomery, Philadelphia, Somerset, Washington, and Westmoreland counties. This program will go into effect on January 1, 2020 for residents of the remaining 48 counties.)

Industry Partnership Grant Program – An Industry Partnership is a multi-employer collaborative that helps connect and meet the needs of both workers and businesses. Effective partnerships facilitate companies in the same industry cluster and region to come together to aggregate training and address common educational needs. Partnerships can help companies identify and work together to address common organizational and human resource challenges – recruiting new workers, retaining incumbent workers, implementing high-performance work organizations, adopting new technologies, and fostering experiential on-the-job learning. Grants will help support worker skills training to better position workers and employers to remain competitive in the global marketplace. The program places a heavy emphasis on outcomes such as the attainment of industry-recognized credentials, wage gains, career advancement, and retention within the workplace.

Individual Training Account (ITA) – An ITA is a mechanism authorized by the Workforce Innovation and Opportunity Act (WIOA), which is intended to finance occupational skills training for participants to become gainfully employed or re-employed. Customers approved for training may use their ITAs to purchase occupational skills training slots in any program on the statewide list.

The specific parameters for ITAs are established by each Local Workforce Investment Area, which may include a maximum duration of training, cost of training, or other requirements.

Pell Grants – Pell grants, as well as most federal student aid, are awarded on the basis of financial need. The amount that an individual receives is based on a formula that includes the cost of attendance minus the expected family contribution. The student must be enrolled in a program of organized instruction or study that leads to an academic, professional, or vocational degree or certificate, or other recognized educational credential.

PA CareerLink® staff and the training providers with whom local areas work can provide guidance on how participants can apply for Pell grants and other student aid. There also are various websites that provide instructions on the application process.

Trade Adjustment Assistance (TAA) – The Trade Act's TAA program helps workers who have lost their jobs as a result of increased imports or shifts in production out of the United States. TAA can provide funding for tuition, books and supplies, and basic or remedial education, which may include training in literacy or English as a second language.

Occupational training is targeted to a specific occupation and provided to help certified workers secure employment at a skill level and wage similar to, or higher than, their layoff employment.

Based on the individual's existing skills and labor market conditions, training will be of the shortest duration necessary to return the individual to employment, with a maximum duration of 130 weeks. TAA can also pay 50% of the salary for on-the-job training and customized training designed to meet the needs of a specific employer or group of employers.

More information on TAA benefits is available by calling the UC Service Center or visiting a PA CareerLink® office.

TAA Job Search and Relocation Allowances – The TAA program can also assist with workers' expenses incurred in seeking employment outside a certified worker's normal commuting area if a suitable job is not available in the area. Job search allowances reimburse 90% of the total costs of allowable travel and subsistence, up to \$1,250. If workers have to relocate to accept employment out of the commuting area, TAA can reimburse 90% of the cost to move them and their families and includes a lump-sum payment equal to three times the worker's average weekly wage (but no more than \$1,250) to help them get settled.

WOTC targets short- and long-term Temporary Assistance for Needy Families recipients; Supplemental Nutrition Assistance Program (SNAP) recipients; veterans on SNAP; disabled veterans; unemployed veterans; recent Office of Vocational Rehabilitation customers who received services through a state plan for vocational rehabilitation or the U.S. Department of Veterans Affairs (VA) or have a Ticket to Work and an active individual work plan with an Employment Network (EN); Supplemental Security Income Recipients; ex-felons; designated community residents, summer youth living in an empowerment zone or Rural Renewal Community and the new Long-Term Unemployment Recipient. The WOTC also provides nonprofit, 501(c)(3), employers with a social security tax deduction as an incentive to hire any of the five veteran target groups.

For most target groups mentioned above, the WOTC is 40% of the first \$6,000 in wages, for a maximum credit of \$2,400 (exceptions to these amounts apply to some target groups). A new hire must be employed at least 400 hours for the employer to receive the maximum. A partial credit of 25% is permitted for employees working between 120 and 399 hours.

of services, instead of money, between PennDOT and eligible partners. For example, PennDOT may patch potholes along a township road in exchange for having the township's crew mow along state roads. The program enables local governments to accomplish more than they could have with their own limited resources and increases our collective effectiveness and efficiencies for the general public.

Agility agreements have a contract life of five years with a three-year renewal clause for a total of eight years. The exchange of services must be of a reasonably equal value, detailed on a single-page work plan, and approved by PennDOT, the partner and AFSCME.

Highway Transfer (Turnback) Program – The commonwealth enacted Act 70 in July 2006 amending Act 32 of 1983, authorizing an increase in the annual maintenance payment rate for all turnback roads from \$2,500 per mile to \$4,000 per mile. This annual maintenance payment is made in perpetuity for the maintenance of the roadway and is paid to municipalities in April of each year. The objective of this program is to transfer the ownership of state-owned roads that predominantly carry local traffic, carry low numbers of vehicles on a daily basis, and/or would better serve the community if operated under municipal jurisdiction. PennDOT either rehabilitates the roadway before the transfer takes place or provides the municipality with funding to rehabilitate the roadway to improve its quality and service life. Local officials must adopt a resolution authorizing the acceptance of the transfer. Each PennDOT district office has a turnback coordinator who can assist local governments.

PennDOT's Twelve Year Program – The Twelve Year Program (TYP), which is the commonwealth's official transportation program, is a multimodal, fiscally constrained program of transportation improvements spanning a 12-year period. Multimodal means that the TYP includes all travel modes, including highways, bridges, public transit, aviation, rail, and bicycle and pedestrian. PA State Law, Act 120 of 1970, as amended, requires PennDOT to prepare, update and submit Pennsylvania's TYP every two years to the State Transportation Commission for their review and approval. The first four-year period of the Twelve Year Program also serves as the State Transportation Improvement Program (STIP). The STIP is submitted to the Federal Highway Administration/Federal Transit Administration for approval following STC's approval of the TYP. The development of the program is coordinated with PennDOT's Metropolitan Planning Organizations (MPOs) and Rural Planning Organizations (RPOs).

INVEST Program – The INVEST program provides cash management for local governments and nonprofits. Similar in concept to money market funds, INVEST offers two highly rated short-term investment pools and custom pools for longer term investment needs. INVEST’s portfolios are managed by Pennsylvania Treasury investment professionals, who also oversee the investment and custody of nearly \$80 billion in public funds. While INVEST funds are never co-mingled with state funds, Treasury can negotiate better rates by leveraging its purchase power for INVEST as well as its investment pool for state agencies. Treasury does not seek a profit from INVEST, further helping to minimize costs to participants.

More information is available at www.painvest.gov or www.patreasury.gov. Call 866-300-4603 for the Local Government Investment Pool application form or the Community Investment Pool application form. All applications should be directed to Pennsylvania Treasury, INVEST Program, Room 120 Finance Building, Harrisburg, PA 17120.

Unclaimed Property – Each year, the Pennsylvania Treasury receives hundreds of millions of dollars in unclaimed property and works hard to return it to its rightful owners. Unclaimed property is any financial asset that has been left with a “holder,” such as a bank, insurance company or other business or organization, without activity or contact for multiple years, depending on the property type. By law, holders must transfer unclaimed property to Treasury. The most common types of unclaimed property are savings or checking accounts, stocks, dividends, uncashed checks, certificates of deposit, unclaimed insurance benefits, or items abandoned in safe deposit boxes. As of August 2019, Treasury is currently seeking the rightful owner of more than \$3.5 billion in unclaimed property.

Individuals can search for unclaimed property at www.patreasury.gov or by calling 800-222-2046. Claimants may also use the Treasury website to check the status of an unclaimed property claim. Holders needing information about reporting unclaimed property reporting forms, or reporting software, may call Treasury at 800-379-3999 or visit www.patreasury.gov. Holders must report all unclaimed property by April 15 each year.

The Pennsylvania Sustainable Energy Finance program, or PennSEF, provides sophisticated technical assistance and access to low-cost capital to municipalities, universities and colleges, schools, hospitals and nonprofit institutions. PennSEF enables them to implement energy and water conservation measures that are guaranteed to pay for 100% of the improvement cost through savings. The program design allows for easy compliance with Pennsylvania’s Guaranteed Energy Savings Act.

The Foundation for Renewable Energy and Environment, an internationally recognized nonprofit, administers the PennSEF program for Treasury.

The Pennsylvania Treasury also offers PA ABLE, a tax-advantaged savings plan for people with disabilities and their families.

This low-cost saving vehicle allows people with disabilities and their families to have greater control of their finances and to plan for a more financially secure future while maintaining their needs-based benefits.

Saving with a PA ABLE account helps people to save and pay for a wide range of disability-related expenses including basic living expenses without jeopardizing government benefits. Plus, PA ABLE savings benefit from several great tax advantages, including a Pennsylvania state income tax deduction, plus state and federal tax-free growth when used for qualified disability expenses.

Keystone Scholars

Signed into law in June of 2018, the Keystone Scholars Program establishes a \$100 starter deposit for every newborn who is a Pennsylvania resident or adopted by a Pennsylvania family starting in January 2019. The \$100 will grow through investment in a PA 529 Guaranteed Savings Plan account, and is not paid for with any taxpayer funds. Families have until their child turns 29 years old to use the funds. The starter deposit – and any additional college savings each family saves by opening their own PA 529 account – can be used for any qualified higher education expense at an approved institution of higher education, including trade schools, vocational programs, community colleges, and universities in or outside Pennsylvania. Any child born on or after January 1, 2019, who is a Pennsylvania resident at birth or adopted by a Pennsylvania family, is automatically eligible for the program. For more information on the Keystone Scholars program visit www.pa529.com/keystone.

Funds invested in your Keystone Scholars Account remain under the sole custody of the Pennsylvania Treasury Department (Treasury) until they are used for the purposes of paying for qualified higher education expenses at an institution of higher education. A list of qualified higher education expenses may be found at www.pa529.com. These funds will be invested in the Pennsylvania 529 Guaranteed Savings Plan (GSP). No additional funds may be contributed to your Keystone Scholars Account. To learn more or to open a PA 529 GSP or PA 529 Investment Plan account, please visit us at www.pa529.com.

Eligibility for Keystone Scholars is based on the child's date of birth:

- For children born to or adopted by a Pennsylvania family on or after January 1, 2019, the child must be a Pennsylvania resident at birth and at the time the Keystone Scholars funds are used. The child must also be the Beneficiary of a PA 529 College and Career Savings Program Account other than the Keystone Scholars Account at the time Keystone Scholars funds are used. If not used by the beneficiary's 29th birthday, the funds will be returned to Treasury.
- For children born to or adopted by a Pennsylvania family between January 1, 2018, and December 31, 2018, the child must be a resident of Delaware, Elk, Indiana, Luzerne, Mifflin, or Westmoreland county at birth and be a Pennsylvania resident at the time the Keystone Scholars funds are used. If not claimed by the beneficiary's first birthday or used by the beneficiary's 29th birthday, the funds will be returned to Treasury.

CENTER FOR RURAL PENNSYLVANIA

www.rural.palegislature.us

The Center for Rural Pennsylvania is a bipartisan, bicameral legislative agency that serves as a resource for rural policy within the Pennsylvania General Assembly. The center works with the legislature, educators, state and federal executive branch agencies, and national, statewide, regional and local organizations to maximize resources and strategies that can better serve Pennsylvania's nearly 3.4 million rural residents.

The center promotes and sustains the vitality of Pennsylvania's rural and small communities by awarding grants for applied research and model projects to partner universities, publishing research and project results, maintaining and disseminating information on rural trends and conditions, and sponsoring local, state and national forums on rural issues.

The center's Research Grant Program is available to faculty at Pennsylvania State University, the Pennsylvania State System of Higher Education universities, and the regional campuses of the University of Pittsburgh. The center encourages cooperation and collaboration between these faculties and other public or private organizations.

Mandated research areas include: rural people and communities, economic development, local government finance and administration, community services, natural resources and environment, educational outreach, rural values and social change, agriculture, and health and welfare concerns.

Examples of recently published research are: Broadband Availability and Access in Rural Pennsylvania, which measured the true state of broadband connectivity statewide; Inventory and Analysis of Historic Preservation Ordinances in Pennsylvania Municipalities, which provided the first comprehensive statewide inventory and analysis of historic preservation ordinances in Pennsylvania municipalities; The Availability of Medication-Assisted Treatment for Opioid Addiction in Pennsylvania, which assessed the barriers and opportunities that exist in expanding Medication-Assisted Treatment (MAT) services in Pennsylvania; and Wealth Transfer in Pennsylvania, which estimated and documented the magnitude of assets present in every county of the commonwealth and the opportunities to invest a small portion of those assets toward community betterment projects.

The Center for Rural Pennsylvania also has the state's largest database on rural trends and conditions. Much of the data it collects on Pennsylvania's counties, municipalities and school districts is available online. Population projection data, through the year 2040, are also available online. These data, used in conjunction with other population data, are a valuable resource for public and private agencies that are responsible for policy development, project planning and program evaluation.

The Center for Rural Pennsylvania also sponsors forums on issues impacting rural Pennsylvania, the most recent of which are the current availability of high-speed (25Mbps/3Mbps), fixed broadband in our rural communities, and the public health crisis of heroin/opioid abuse and overdose.

OFFICE OF THE BUDGET

www.budget.pa.gov

Redevelopment Assistance Capital Program (RACP) – The state’s RACP program is designed to aid community and economic development projects throughout the commonwealth that demonstrate significant economic impacts to local and regional economies. The RACP program operates as a reimbursement program for eligible project costs including, but not limited to, construction, land acquisition, permitting and any interest costs paid during construction. Capital projects eligible for RACP funding must have a total project cost of at least \$1 million, with a required minimum of 50% participation in non-state match.

The process for securing RACP funds begins with the inclusion of a line item authorization for a specific project in the state’s Capital Budget, allocating a certain amount of funding to the project.

Candidates who have an authorized and eligible project will need to submit an e-RACP application to the Office of the Budget. All submissions that pass an initial review of eligibility and completeness will be considered for an RACP grant award.

There is a 30-day “public comment period” after the closing of an e-RACP application window until an award can be made. Once the initial review of all the projects has been completed and the public comment period has closed, the Office of the Budget will forward a complete listing of projects and summaries to the administration for grant award consideration.

All successful candidates will be notified via individual correspondence that the e-RACP application submission has resulted in a grant award and the amount approved therein. The applicants that DID NOT receive an award WILL need to re-apply during a future open window for grant consideration. The award letter will serve as written notification authorizing the preparation and submission to the Office of the Budget of a formal and complete Redevelopment Assistance Capital Program Application and Business Plan for the project. All applicants must notify the Office of the Budget within 30 days of receipt of their award letter as to whether or not they are accepting the grant award. If the award has been accepted, the applicant must submit its formal Application and Business Plan within six months of the date of the award letter. They must also be able to demonstrate that at least 50% of the required non-state funds (matching funds) necessary to complete the project are secured at the time of the application among other stipulations in order to receive a grant agreement.

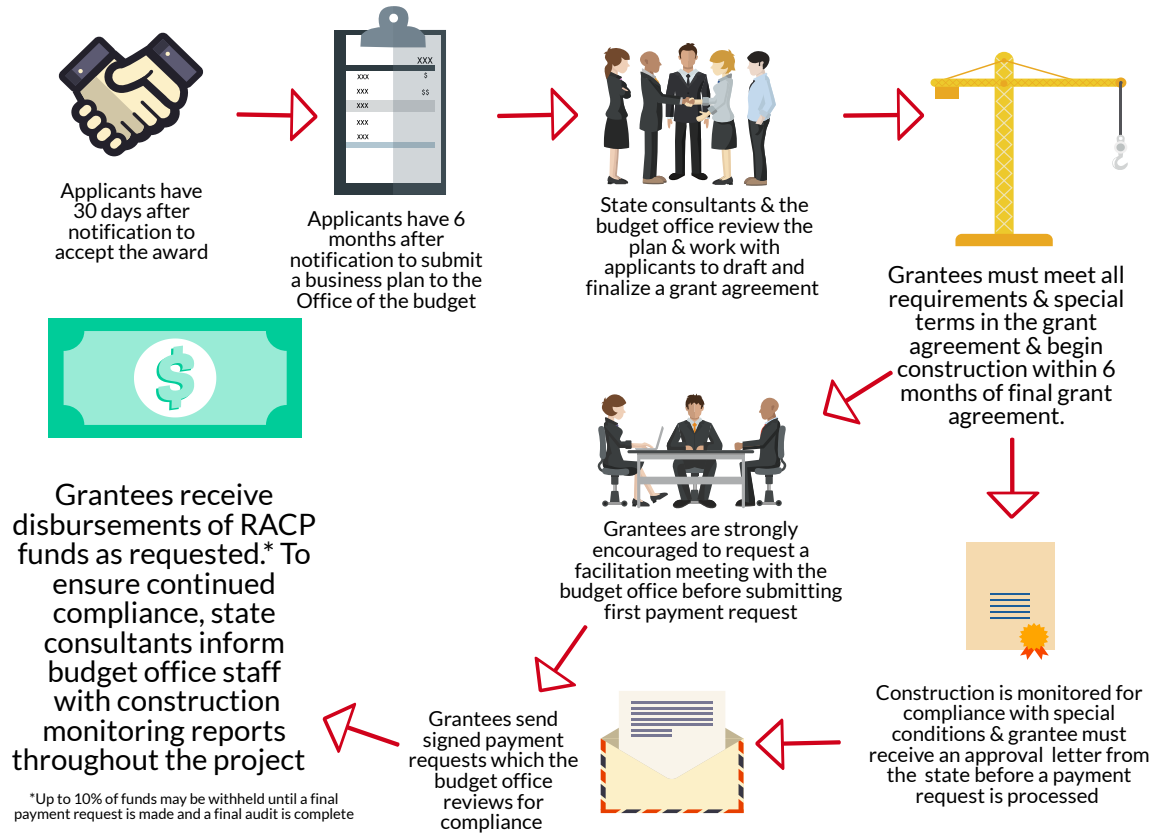

Once the grant agreement is fully executed, the grantee will then have a maximum of six months to meet the terms and conditions of the grant agreement. Once construction activities have started, the grantee is entitled to receive reimbursements based on submission of eligible and compliant paid costs and satisfaction of the terms and conditions of the grant. A legislatively mandated audit will result after construction completion.

PENNSYLVANIA DEVELOPMENTAL DISABILITIES COUNCIL

www.paddc.org facebook.com/PADDC twitter.com/paddcouncil

The Pennsylvania Developmental Disabilities Council (PADDC) is a group made up of people with disabilities, family members, advocates and state department representatives who work to create favorable conditions for people with developmental disabilities and their families in the commonwealth. Created under the Federal Developmental Disabilities Assistance and Bill of Rights Act and Governor's Executive Order, the council is both a planning group and a funding body. PADDC envisions a commonwealth comprised of inclusive communities where all people with disabilities are valued and thrive.

The council's work is broad and its activities are many. The council engages in advocacy, systems change and capacity building for people with developmental disabilities and their families in order to:

- Support people with disabilities in taking control of their own lives
- Ensure access to goods, services and supports
- Build inclusive communities
- Pursue a cross-disability agenda
- Change negative societal attitudes toward people with disabilities

In so doing, the council will bring about benefits to individuals with disabilities other than developmental disabilities and, indeed, to all people.

The Pennsylvania Developmental Disabilities Council concerns itself with trends at the local and national levels that may have an influence in the lives of people with disabilities and/or their families. By carefully watching and examining trends and new developments, the council is up-to-date on ways to support people with disabilities and families right here in Pennsylvania.

HOW DO ORGANIZATIONS GET GRANTS FROM THE COUNCIL?

The council funds proposals from groups and organizations through a competitive bid process. All grant activities of the council are governed by the council's federally approved state plan and by the procurement requirements of the U.S. Department of Health and Human Services and the Commonwealth of Pennsylvania.

Grants are typically available for only short periods of time and are generally for specified activities. The council periodically announces Requests for Proposals (RFPs) and issues notices of funding for smaller grants through its Community Small Grants. It does not have discretionary funds beyond those publications. The council only accepts proposals for the projects described in the RFP booklet and in response to notices of funding for the Community Small Grants.

The RFP booklet contains descriptions of projects that the council will be funding and instructions on how grant proposals must be written to meet the council's requirements. People on the council's mailing list receive the booklet in the mail. Other copies of the booklet are distributed by hand or accessed on the council's website. To receive an announcement notice that an RFP booklet or a notice of funding has been issued, and to have the most up-to-date information as deadlines and new and recurring grant opportunities change, please subscribe to our mailing list on our website at: www.paddc.org/contact

PENNSYLVANIA LIQUOR CONTROL BOARD (PLCB)

www.lcb.pa.gov

Act 85 – The PLCB released the first biennial report to the General Assembly on underage and dangerous drinking in the commonwealth in March 2007. Mandated by Act 85 of 2006, the report presents current information on levels and trends of underage consumption, existing state prevention programs and science-based proven prevention strategies that could impact future programming. This report was delivered to the General Assembly in the spring of 2019.

Alcohol Awareness Poster Contest – This contest challenges students in grades K-12 to create a poster about the facts, consequences and alternatives to underage drinking and/or drinking and driving. The winning entries and student artists are honored in a ceremony in Harrisburg. Some of their designs are reproduced by the PLCB throughout the year and disseminated to schools and the public.

Website – A section of the PLCB website is dedicated to alcohol education and provides information and resources to the public. Parents, students, professionals and licensees can check out the latest statistics, find county resources, research current alcohol-related laws, order prevention materials through PLCB+, and link to state and national organizations working to address underage and high-risk alcohol consumption. Visit www.lcb.pa.gov, then click Education.

Know When. Know How. – Know When. Know How. is a statewide, research-based education and prevention campaign targeted to Pennsylvania parents of children ages 8 through 12. The objective of the campaign is to prevent underage drinking by providing information and tools for parents so they can engage their children in discussion before trial or use of alcohol begins. www.knowwhenknowhow.org.

Conference – Each year, the Bureau of Alcohol Education hosts or sponsors a statewide conference for prevention personnel from law enforcement, colleges, communities and schools. The conference offers a venue to share the latest information on prevention strategies and innovative programs that have made a difference in communities across Pennsylvania.

Reducing Underage and Dangerous Drinking Grants – Grants are awarded biannually to Pennsylvania colleges, universities, municipalities and community organizations for environmental management strategies to address the issues of underage and binge drinking. This includes funding for such things as establishing campus and community coalitions, reducing the availability of alcohol, increasing enforcement efforts and creating a local environment that reduces excessive and underage consumption of alcohol.

Exhibits – PLCB staff attends and/or provides materials for various events, such as health fairs, conferences, legislator events, etc. The goal is to educate the public about the consequences of underage and dangerous drinking and to make them aware of the resources we have available for them.

Facebook – The Bureau of Alcohol Education has a Facebook page to keep stakeholders apprised of PLCB initiatives and share news and information about issues relating to alcohol. Search for us at PLCB Alcohol Education.

Prevention Materials – The PLCB develops and disseminates numerous alcohol education materials. Each year, hundreds of thousands of pieces of literature and materials are distributed. More than 200 different items (including brochures, posters, stickers, pencils and coloring sheets) are available free of charge to Pennsylvania residents. Most items are printed in-house by the PLCB Graphics Department. Materials are developed based on current trends or the needs of our target populations and regularly updated. They can be ordered through PLCB+ or printed online by going to www.lcb.pa.gov, clicking on Education, then PLCB+.

Public Service Campaigns – The PLCB uses various media – television, radio, online, outdoor and print – to raise awareness of alcohol-related issues.

The PLCB also helps communities create comprehensive coalitions to address underage and dangerous drinking.

ENERGY ASSISTANCE PROGRAMS

Budget Billing – All residential customers may contact their electric or natural gas company and request budget billing at any time. Each monthly bill will be the same amount. The company may adjust the bill four times a year, up or down, depending on the customer's usage.

Customer Assistance Program (CAP) – CAPs can lower your monthly utility bill. CAPs may also remove the amount you already owe. Each company has a CAP and works with the customer to determine what the customer can pay versus the cost of energy used.

Customer Assistance Referral and Evaluation Program (CARES) – The CARES program helps customers with special needs. CARES may help you find ways to pay your utility bill. For example, special needs are customers who are experiencing family emergencies, divorce, unemployment or medical emergencies. The goal is to provide support and direction to help customers pay their utility bills.

Hardship Funds – Utility companies have hardship funds that provide cash assistance to utility customers to help them pay their utility bills. Hardship funds provide assistance grants to customers who “fall through the cracks” of other financial assistance programs, or to those who still have a critical need for assistance after the other resources have been exhausted. The funds make payments directly to companies on behalf of eligible customers.

PUBLIC UTILITY COMMISSION (PUC)

www.puc.pa.gov www.PAPowerSwitch.com www.PAGasSwitch.com

Low Income Usage Reduction Program (LIURP) – LIURP helps low-income residential customers lower the amount of electricity or natural gas used each month. Typically, the company may install energy saving features in your home to help reduce bills. For example, a smaller bill means your payment covers a greater portion of the bill or perhaps covers the whole bill.

Assistance Qualifications – Customers must meet certain income limits and be payment-troubled to qualify for CAP, CARES, LIURP and Hardship Funds. Payment-troubled usually means customers have made a payment agreement with the company. The chart below shows the income levels at 150% of the Federal Poverty Guidelines customers must meet in 2018 for CAP. The income levels are slightly higher for LIURP, CARES and Hardship Funds. Customers who meet these limits should call their local electric or natural gas company for details to see if you qualify. Each company’s toll-free number is listed below.

Household Size Monthly Income Guidelines:

Size of Household	150% of Poverty	Size of Household	150% of Poverty
1 person	\$1,561	6 persons	\$4,324
2 persons	\$2,114	7 persons	\$4,876
3 persons	\$2,666	8 persons	\$5,429
4 persons	\$3,219		
5 persons	\$3,771		For each additional person, add \$553

Low-Income Home Energy Assistance Program (LIHEAP) – LIHEAP is a federal program that provides financial assistance to low-income households to pay energy bills. In Pennsylvania, LIHEAP is administered by the PA Department of Human Services (DHS) and consists of three components:

- **Cash Benefits:** Helps low-income customers pay their home energy bill.
- **Crisis:** Helps low-income customers meet home emergency situations and restore services if service has been shut off.
- **Weatherization:** Helps qualified low-income customers reduce their energy consumption through home improvements.

Note: Low-income customers who qualify for Cash and Crisis can receive both. Your household income must be within certain limits to qualify. These limits are listed on DHS’ website at www.dhs.pa.gov. If you have more questions about LIHEAP, you may call your local county assistance office or the toll-free LIHEAP hotline at 1-866-857-7095 (individuals with hearing impairments may call the TDD number at 1-800-451-5886).
