

Jackson Township Burns announces \$400,000 grant to replace old wastewater lines

Adding to the tens of millions of dollars that have come into the 72nd Legislative District during his tenure, Rep. Burns in March announced a \$400,000 state grant to the Jackson East Taylor Sewer Authority.

The money will fund a massive replacement of sewer lines at Leisure Village Mobile Home Park in Jackson Township. Nearly 3,500 feet of 8-inch pipe and 5,700 feet of 4-inch pipe are being replaced – along with 11 manholes.

Burns is happy to see **state funding covering four-fifths of the cost** of this vital infrastructure improvement project.

Law enforcement can count on Burns: He votes for 30-day delay before releasing officer names in shooting incidents

Rep. Burns doesn't believe that reputations should be unfairly tarnished, so he voted in favor of a bill that would create a 30-day "cooling off" period before the names of police officers involved in shooting or serious injury cases are released.

“As the founder of the House’s Blue Lives Matter Caucus and the author of my own bill to make assaulting a law enforcement officer a hate crime, I believe this cooling off period is prudent.”

— Rep. Burns

Burns believes in government transparency, but like you is all-too-aware of the rush to judgement in these cases that can escalate to vigilante-style behavior and ruined reputations and careers, damage that can't be taken back when the facts later emerge.

Waiting 30 days or until the official investigation is complete, whichever comes sooner, Burns believes, is the best way to ensure that justice is served for all.

Fraternal Order of Police backs Burns on Blue Lives Matter

Rep. Burns is proud to have the continued support of the Pennsylvania State Lodge of the Fraternal Order of Police, which in April officially endorsed Burns' legislation that would make assaulting a law enforcement officer a hate crime.

House Bill 158, introduced by Burns, would put employment as a law enforcement officer on the same level as race, color, religion and national origin under the state's existing hate crime law.

To the right is the letter from FOP official Joseph Reagan, reprinted in its entirety.

The families of state police Corporal Bryon Dickson, who was shot dead from long range, and Trooper Alex Douglass, who was seriously wounded in the same incident, should be foremost in our thoughts as the case of their now-convicted shooter moves to the penalty phase.

I am more energized than ever to push for my Blue Lives Matter bill, which would make it a hate crime to assault a law enforcement officer. Some think it isn't necessary – but I sure do.
