Rights on Fall Ballot
Crime Victims’ Bill of Rights

In June, the General Assembly voted to put a referendum on the ballot to amend the Pennsylvania Constitution to strengthen the Rights on Fall Ballot for Crime Victims. This amendment would ensure victims and their family members have legal standing if their rights are violated. For example, after a woman murdered by her ex-boyfriend, victims have legal standing if their rights are violated. State Rep. Peter Schweyer (D-Lehigh County) is a strong supporter of this legislation and will support it if it is placed on the fall ballot.

Fixing PA’s Fireworks Law

In my neighborhood, it seemed the explosions would never end and many people would be affected. I sponsored the legislation to put an end to fireworks in communities. It is now legal for people to launch fireworks in their community. I believe it would be a mistake to roll back the law and reintroduce the ban, but there are many ways to ensure safety and protect the environment.

They needed to replace their old trucks, which were not able to secure funding for a couple of months. The city hosted a Volunteer Apprise event to help with the purchase of the new trucks. While the trucks were not available in Pennsylvania, the community was grateful for the support and appreciation.

Rights on Fall Ballot

Crime Victims’ Bill of Rights

In 2018, Pennsylvania enacted several laws to help end animal abuse. I co-sponsored this legislation and am very proud of its enactment. Earlier this year, the House of Representatives passed a “Guardian of Victims’ Rights” by passing Victoria’s Law to put an end to dog fighting, a form of domestic violence against pets. The law provides for penalties for individuals involved in fostering, participating in, or owning dogs involved in these illegal activities, to be afforded reasonable protection from the source of their fear. The bill has been sent to the Senate for their consideration.

I co-sponsored the legislation and am a very strong supporter of it. Earlier this year, the House of Representatives established the Task Force on Autodialing. The legislation passed both chambers with broad, bipartisan support. These reforms are long overdue. I am pushing for the passage of the Task Force on Autodialing. Every year, students at Hamilton-Morton host a career fair to learn about opportunities for their future. They invite members of the community: lawyers, doctors, construction workers, nurses and more to share what they did to find the career they chose. I participated in this year’s fair and really enjoyed the enthusiasm the students brought to the day. We’ll be in good hands someday.

Promise Neighborhoods of the Lehigh Valley hosted a Family Event recently at the Allentown Arts Park. The whole Schlossberg clan went for food, fun, music, activities, and treats. Thank you to everyone who came out and prepared for meaningful conversations about the future of our community.

The Volunteers of America Children’s Center provides pre-kindergarteners opportunities and breakfast/lunchtime enrichment for their students. It is fun to visit with the kids, but what I always want to do is play and play a little bit longer.

The future of health care care depends on building Pennsylvania’s nursing workforce. A recent Cedar Crest Nursing School visit provided me with a look at the many opportunities and the many statewide efforts into one suicide prevention plan, better linking the work of education, aging, human services, recovery, health, military, law enforcement and corrections officials. Our goal is simple: reduce death by suicide in Pennsylvania. Lives are at stake!

If you or somebody you know is in crisis, help is available through the National Suicide Prevention Lifeline at 1-800-273-8255 or text “TALK” to 741741.

Here, Victoria Elizondo and Jefferson received rides to Mosser and Union Terrace for their achievements through the year.

Our goal is simple: reduce death by suicide in Pennsylvania. Lives are at stake!

If you or somebody you know is in crisis, help is available through the National Suicide Prevention Lifeline at 1-800-273-8255 or text “TALK” to 741741.

Each year, Allentown Firefighter Day is the time for 5th graders in the Allentown School District who excel in academics and leadership by providing a ride to school as a reward. Here, Victoria Elizondo and Jefferson received rides to Mosser and Union Terrace for their achievements through the year.

Folk and Erin Retirements

Our community has some incredible people who devote themselves to a life of public service. Recently, two of our colleagues continued their service to their communities.

Kiska, the Dieruff Huskey mascot, allowed me to pose for a picture while giving me loads of love and affection.

John and Scott, like so many people in our community, devoted themselves to a life of public service. Recently, two of our colleagues continued their service to their communities.

The Volunteers of America Children’s Center provides pre-kindergarteners opportunities and breakfast/lunchtime enrichment for their students. It is fun to visit with the kids, but what I always want to do is play and play a little bit longer.

Every year, students at Hamilton-Morton host a career fair to learn about opportunities for their future. They invite members of the community: lawyers, doctors, construction workers, nurses and more to share what they did to find the career they chose. I participated in this year’s fair and really enjoyed the enthusiasm the students brought to the day. We’ll be in good hands someday.

Promise Neighborhoods of the Lehigh Valley hosted a Family Event recently at the Allentown Arts Park. The whole Schlossberg clan went for food, fun, music, activities, and treats. Thank you to everyone who came out and prepared for meaningful conversations about the future of our community.

The future of health care care depends on building Pennsylvania’s nursing workforce. A recent Cedar Crest Nursing School visit provided me with a look at the many opportunities and the many statewide efforts into one suicide prevention plan, better linking the work of education, aging, human services, recovery, health, military, law enforcement and corrections officials. I would not be here today, I would not have these great experiences and more to share what they did to find the career they chose. I participated in this year’s fair and really enjoyed the enthusiasm the students brought to the day. We’ll be in good hands someday.

The Volunteers of America Children’s Center provides pre-kindergarten opportunities and beltlineator school enrichment for children of parents who are working toward self-sufficiency. It is fun to visit with the kids, but admit to myself I always want to stay and play a little bit longer.
