Friends and neighbors,

I hope 2021 is off to a safe and hopeful start for you and your loved ones. Throughout 2020, we weathered challenges and hardships from the COVID-19 pandemic. There are signs that we are turning a corner, including a decline in cases, rollout of the vaccine to all Pennsylvanians 12 or older and federal assistance from the American Rescue Plan coming to Pennsylvania. There is still more work to be done to stamp out COVID-19, but I know that we will continue to stand together and help one another, just like we have so many times over the course of the past year.

I know many people in the 25th Legislative District may still be struggling, which is why I’ve included resources in this newsletter that could help. Please contact my office at 412-856-8284 if you need any assistance with any state-related issues. You can also reach out to me via email at RepBMarkosek@pahouse.net or follow me on Facebook at Facebook.com/RepMarkosek to stay up to date on state-related resources.

Thank you,
Brandon Markosek

TROUT STOCKING IN MONROEVILLE
As a member of the House Game and Fisheries Committee, I was honored to stock trout with the Pennsylvania Fish and Boat Commission and community members at Turtle Creek this spring.

My Office is Open
If you have a state-related issue that needs to be resolved, please don’t hesitate to visit my office. We’ve adhered to CDC and state guidelines to safely keep my office doors open throughout the pandemic so that my staff and I could continue to serve you. If you plan to come to the office, please remember to wear a mask.

I support our local first responders and I’m doing all I can to assist them as a member of the House Veterans Affairs & Emergency Preparedness Committee.

**LEGGISTATIVE UPDATE**

I’ve been appointed to serve on the following House committees:

- **Professional Licenses** - Reviews bills that pertain to professions requiring licensing for qualified employees and businesses.
- **Veterans Affairs & Emergency Preparedness** - Reviews bills that affect veteran-related and other military issues, as well as state emergency preparedness and response to the Commonwealth.
- **Game & Fish** - Reviews bills that affect the Game and Fish Commission and a co-chair for the Wildlife & Conservation Subcommittee and a co-chair for the Act and Intellectual Disabilities Caucus.

When I fist took office, I felt my rights on ensuring money would be coming back to benefit this district. I am thrilled to announce that more than $2.5 million in state funding has been secured since December 2020 for projects that benefit our community.

- **$500,000 to Allegheny County for the Turtle Creek Wildlife Refuge**
  - This money will be used to address flooding and erosion issues at the Turtle Creek Wildlife Refuge.
  - The project will include the construction of a new dike and the installation of a new pumping station.
- **$600,000 to East Pittsburgh Borough for the Trax Super Computer Building**
  - This money will be used to convert the Trax Super Computer Building, formerly the Westinghouse headquarters, into a multi-use building.
  - The building will be used for research and development.
- **$1 million to Port Perry Bridge in North Versailles**
  - This money will be used to repair and renovate the Port Perry Bridge.
  - The bridge has kept industry and goods moving through our region.
- **$125,000 to Monroeville to renovate the Pittsburgh Super Computer Building**
  - This money will be used to renovate the Pittsburgh Super Computer Building.
  - The building will be used for research and development.
- **$21,314 to Plum Borough School District for the purchase of cafeteria equipment at Plum Senior High School**

**2021-22 COMMITTEE COMMUNICATE**

Vaccinations are safe, effective, and, with masking and social distancing, our best path back to normal.

**ALLEGHENY COUNTY COVID-19 VACCINE REGISTRATION**

- There are still many people left behind in our community, including people of color, those with disabilities, seniors, and those without internet access.
- The data tool is used to record the progress of code enforcement violations and resolutions.

I am committed to fighting for the best interests of everyone in our community and focusing on issues of importance to the 29th Legislative District. Here’s some of what I’ve been working on in Harrisburg:

The REAL ID Act is not mandatory. PennDot continues to offer standard-issue driver’s licenses and photo IDs. For more information, visit www.PennDOT.gov.

The U.S. Department of Homeland Security has extended until May 3, 2023, the full enforcement date for the REAL ID Act, which was set for Oct. 1, 2021, due to circumstances resulting from the ongoing COVID-19 pandemic. Beginning May 3, 2023, Pennsylvania will need a REAL ID-compliant driver’s license, photo ID, or another form of federally acceptable identification in order to board a domestic commercial flight or enter federal buildings. Schools and other businesses that have on-site security guards have until October 2023 to comply.

I am committed to fighting for the best interests of everyone in our community and focusing on issues of importance to the 29th Legislative District. Here's some of what I've been working on in Harrisburg:

### Legislative Update

#### REAL ID: New Enforcement Date is May 3, 2023

The U.S. Department of Homeland Security has extended the REAL ID full enforcement date from May 3, 2023, to October 1, 2025. This decision was made due to continuing operational challenges resulting from the ongoing COVID-19 pandemic.

#### Anti-bullying legislation

Bullying is on the rise in our schools, and I've introduced legislation to address the problem. The bill would create new crimes for students who create a climate where bullying occurs. The legislation would be enforced by the school district and would establish a system for parents to report bullying.

#### Establishing a “Green Alert” system

The current Amber Alert system is designed to protect children who have been abducted. I am working to establish a similar system to protect veterans. This legislation would allow family members to alert authorities when a veteran goes missing.

#### Autism and Intellectual Disabilities Caucus

I am also serving as the chair of the Autism and Intellectual Disabilities Caucus. I am grateful for the opportunity to best serve the Commonwealth in these capacities.

#### Game & Fisheries

- Reviews bills that affect the Game Commission and the Fish and Boat Commission.
- Reviews bills that affect veteran-related and other military issues, as well as disaster preparedness, local fire departments, first responders and emergency response in the Commonwealth.

#### Veterans Affairs & Emergency Preparedness

- Reviews bills that pertain to positions requiring licensing for qualified employees and businesses.

### Grants in the District

- $79.9 million for individuals and families resulting from the ongoing COVID-19 pandemic.
- $43 million was awarded to the county from Act 1 of 2021, or utilities. Of that funding, $25,000 was awarded to Allegheny County for those without a computer.
- $79.9 million for individuals and families resulting from the ongoing COVID-19 pandemic.
- The application went live on March 15, and the county is accepting applications now.
- The deadline to apply for the 2020 Property Tax/Rent Rebate Program is June 30, 2021. The program is available for Pennsylvania residents who are 65 or older, widows or widowers age 50 or older, and people with disabilities. More information is available at www.revenue.pa.gov/ptr.

#### TAKE ACTION: Get Your Vaccinations Now

VaccinatePA

The federal REAL ID Act has been extended in Pennsylvania until May 3, 2023.

When I first took office, I said my sights on ensuring money would be coming back to benefit this district. I am thrilled to announce that more than $2.5 million in state funding has been secured since December 2020 for projects that benefit our community. And now, more than $90 million in state funding has been secured to benefit this district. Here's some of what I've been working on in Harrisburg:

- $500,000 to Allegheny County for the Turtle Creek Maintenance Project to improve protection from flooding in Pittsburgh. The project will expand the capacity of the Turtle Creek to accommodate a 1-in-100 year storm event and purchase necessary equipment. This will help provide flood relief to our community.
- $500,000 in East Pittsburgh Borough for the Trax Phone Project, which would turn an old hockey rink into a playground and renovate the existing football complex. This will create a safe place for children to play.
- $125,000 to Monroeville for the Turtle Creek Bike Path Project, which will provide a safe path for cyclists and joggers to traverse the city. This will help promote a healthy lifestyle and encourage physical activity.
- $43,067 to the Westwood Hills School District to purchase new flood prevention equipment.
- $21,314 to the Plum Borough School District to purchase new food service equipment at Turtle Creek Elementary School.

### Legislative District

- Reviews bills that affect the House Veterans Affairs and Emergency Preparedness Committee and a number of other committees.

I am also serving as the chair of the Security and Emergency Preparedness Committees and a co-chair for the Autism and Intellectual Disabilities Caucus. I am grateful for the opportunity to best serve the Commonwealth in these capacities.
