Dear Friends,

I hope this newsletter finds you experiencing a terrific start to 2022!

As your state representative, I continue to have the privilege of working on your behalf at the state Capitol. This means fighting for access to health care to keep our communities healthy, especially amid the COVID-19 pandemic. I’m also working to increase efforts to preserve and repair our environment, as well as reduce pollution and keep the natural beauty of Pennsylvania intact for future generations to enjoy. I’m making sure your voice is heard when it comes to expressing concerns and asking questions about state government or local issues in your neighborhood.

2021 was a busy year, full of these efforts to keep you and your family safe, healthy and thriving in our commonwealth. 2022 will be no different as I plan to continue these efforts in Harrisburg. I look forward to working again this year as your state representative, and I encourage you to reach out to my office if you have any questions, concerns or need help with any state-related issue.

Sincerely,

Rep. Mary Jo Daley

Working for You in Harrisburg

This year, I’ve been working hard with my House colleagues to put forth bills to help you, the hard-working people who elected us to represent you. Getting legislation moved through the process can seem like a long uphill battle at times, but rest assured that I’m fighting daily to keep these issues at the forefront of debate.

In November, I joined my colleagues in introducing PropelPA – a package of bills with the goal of supporting workers and families while making Pennsylvania more competitive regionally and nationally for business growth. I spoke at the event to highlight my proposal to lower the state’s Corporate Net Income Tax to help bring new and existing businesses to the commonwealth and bring us more in line with rates imposed by neighboring states. You can learn more about the bills at PAHouse.com/PropelPA.

Also in November, I stood in favor of a package of bills to help fill out. Eligibility and application details are available on COMPASS, or my office can provide a paper application and help filling it out. Eligibility and application details are available on the Department of Human Services website at dhs.pa.gov.

COVID-19 Testing and Vaccines in Montgomery County

Throughout the last two years, we’ve come to realize the importance of food service workers and others who may be getting paid minimum wage. These jobs are viewed by society as more than minimally important, and they should be compensated accordingly. I joined Governor Wolf and my fellow state legislators at &Pizza in Willow Grove to advocate for a raise in the minimum wage, which has remained stagnant since 2009.

Help for Pennsylvania Homeowners

Pennsylvania was awarded $350 million in COVID-19 relief funds for homeowners from the U.S. Treasury for the Pennsylvania Homeowner Assistance Fund (PAHAF). PAHAF applications are now open to all eligible Pennsylvania homeowners. The fund supports Pennsylvania homeowners whose household income is at or below 150% of the area median income (AMI) who are struggling with financial hardships as a result of the COVID-19 pandemic. PAHAF will use these funds to provide eligible Pennsylvania homeowners with much-needed assistance to prevent or ease mortgage delinquencies, defaults, foreclosures, displacement, and utility disconnection.

For more information about eligibility and how to apply, visit PAHAF.org, or call 888-987-2423 Monday through Friday from 8 a.m. to 8 p.m. and Saturday from 8 a.m. to 5 p.m.

More Time for Tax Returns due to Ida

The Department of Revenue is extending the due dates for individual and business tax returns in areas that were affected by Hurricane Ida. Please note: this does not apply to tax payments. The Federal Emergency Management Agency has designated Montgomery County as one of several counties in Pennsylvania to qualify for aid, allowing for this extension by the IRS. More information can be found at IRS.gov.

Also in November, I stood in favor of a package of bills to support veterans in Pennsylvania. These bills include:

- House Bill 159 would improve the sharing of information between state agencies to deliver services faster and more effectively when a child abuse or neglect case involves a military family.
- HB 1055 would extend the time a county recorder of deeds would not be allowed to disclose a veteran’s discharge records.
- HB 1220 would increase the monthly pension for blind, amputee or paralyzed PA veterans from $150 to $250.
- HB 1612 would expand life insurance coverage to more Guard members when called to active duty for more than 30 days.
- HB 1868 would remove barriers for licensing and employment for service members, veterans and military spouses.
- Senate Bill 248 created the Persian Gulf War Veterans Day and the Global War on Terrorism Veterans Day and encourages schools to include observance in the curriculum.
- SB 550 makes sure all veterans’ graves are honored with American flags.

These bills were passed unanimously by the House of Representatives, just in time for Veterans Day. It’s critical that we welcome our veterans home from service with respect, dignity, and resources to help them return to civilian life.

COVID-19 Testing and Vaccines in Montgomery County

With new variants of COVID-19 continuing to rapidly spread in our area and across the commonwealth, it’s critical to have ample resources for testing and vaccination. Testing and vaccination sites set up by the County are free, with testing available for all ages and vaccines available for anyone ages 5 and up. To find a site near you, use the camera on your smartphone to scan the QR codes, or go to Montco.org and click “COVID-19” at the top of the page.

More information can be found at IRS.gov.

Home Heating Assistance Available

The Low-Income Home Energy Assistance Program helps families pay their heating bills in the form of a cash grant. Households in immediate danger of being without heat may also qualify for crisis grants.

The cash grant is a one-time payment sent directly to the utility company/fuel provider to be credited on your bill. These grants, which do not have to be repaid, range from $500 to $1,500 based on household size, income, and fuel type. You can apply online using COMPASS, or my office can provide a paper application and help filling it out. Eligibility and application details are available on the Department of Human Services website at dhs.pa.gov.
